CORRECTION OF ERROR IN SMALL ENTITY STATUS UNDER 37 CFR SECTION 1.28(c)**Mail Stop Amendment**

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Dear Sir:

Applicant's representative was contacted by Vonda Wallace from the national Phase Division of the PCT branch of the USPTO on or about January 17, 2006 to determine the proper entity status of the applicant. Applicant's representative indicated that all fees should be paid at the large entity level. Ms. Wallace indicated that the only necessary fee adjustment was the \$550 difference between large and small entity payment for excess claims. Subsequent to this conversation with Ms. Wallace, Applicant's representative reviewed the payment of all fees associated with this application. According to this review, Applicant's representative discovered that an additional \$250 is owed to the USPTO. The fees are itemized below and are the only fees for which a deficiency payment is required. As such, this paper is limited to the deficiency payment for the filing fee in connection with the above-identified U.S. patent application.

Although Applicant's representative inadvertently made the statement in the transmittal that Applicant qualified for small entity status, the Basic Filing Fees were paid at a large entity rate. The inclusion of the small entity status was an inadvertent error made without deceptive intent.
